Organisation and Our Team

We are born as a result of confluence of innovation and expertise to offer the best in Talent Acquisition, Consulting Services and AI Recruitment. We have been a part of the ongoing IT and Non-IT revolution and have imbibed the right mixture of professional skills, stringent quality processes and management. We offer the corporate world, the best staffing solution and consulting services, matching the global standards.

We are a global talent acquisition solution provider, headquartered at Bangalore, INDIA. We are spearheading our operations globally.

We ensure that all our team members are driving in the same direction and we are able to make sure our values, commitment and quality are of the highest standard. The belief that a happy workforce will deliver happy customers has certainly paid dividends for ND Tech and its clientele.
